Open Sea Press, United States, 2011. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Is Goddess a Being? A metaphor? A process? This award-winning second enlarged edition of Goddess Spirituality for the 21st Century clarifies these and other concepts guiding contemporary Goddess spirituality. It also delves into the history of Jewish Kabbalah and Western Esoteric Qabalah, examining their biases and proposing a more gender-balanced version that links back to the Goddess Tree of Life. This book also explores the similarities between Goddess concepts and quantum physics and cosmology, and includes guided meditations and rituals. The Second Enlarged Edition contains the entire first edition plus a new Foreword, a new Preface, expanded discussion of a few subjects, musical notation for songs in the rituals, Tarot spreads using symbolism from the re-visioned Tree of Life, and a discussion guide. From the Foreword by Rachel Pollack: This remarkable book manages to say more than many works on these subjects four or five times its size. What s more, what it says is not just clear and lucid, and stocked with information, it also is valuable for women and men living their lives today. Goddess Spirituality for the 21st Century is a rare book, a kind of sacred quest of ideas.
