Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.To read this collection is to enjoy a new cache of John Lennon's writings, complete with zany images, word play, philosophical depth, and transcendental silliness. The material was channeled to Dr. Paine-Clemes in 1986 under circumstances explained in the note at the end of the volume. Did John Lennon really compose it? Read and decide for yourself. The author says, I know I didn't write this material. I have neither the mindset nor the talent. There were many details I didn't understand at the time--and a few I still don't, to this day.
