

Past and Future Yellowstones: Finding Our Way in Wonderland: 2014

Filesize: 8.54 MB

Reviews

The ideal pdf i at any time read. I am quite late in start reading this one, but better then never. You will like the way the author create this book.

(Eliane Bednar)

PAST AND FUTURE YELLOWSTONES: FINDING OUR WAY IN WONDERLAND: 2014

University of Utah Press, U.S. Paperback. Book Condition: new. BRAND NEW, Past and Future Yellowstones: Finding Our Way in Wonderland: 2014, Paul Schullery, Drawing on historical perspectives, personal excursions, and decades of professional research and work in the field, Paul Schullery illuminates many of the possible truths embedded within the natural and cultural reality that is Yellowstone National Park. By varying the scale of observationu from a single encounter between a cow elk and a grizzly bear to the sweeping forces of evolutionu Schullery celebrates the parkAEs history and future potential as a laboratory of ideas. It is, as he states, a place with olayers of meaning waiting to be explored .many possible truths to be weighed.o He thus invites us all to participate in the oYellowstone conversation.o According to Schullery, national parks allow for the study of relatively unmanipulated ecological processes, even amidst civilizationAEs increasing influence. They act as reservoirs for water, wildlife, and essential wildness. The uncertainties inherent in wild landscapes and in the unfolding idea of Yellowstone allow scholarly and popular dialogues to advance management practices and public understanding. Through this inquiry, Schullery establishes a framework for approaching conservation and the experience of AmericaAEs great wildlands. Paul Schullery delivered this lecture on March 26, 2014, at the 19th annual symposium sponsored by the Wallace Stegner Center for Land, Resources and the Environment at the S. J. Quinney College of Law at the University of Utah.
