## Dynamo Tenders Hand-Book (Classic Reprint) (Paperback)

By Francis Beatus Badt

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Dynamo Tenders Hand-Book Each company manufacturing electric light apparatus furnishes special directions for its care and management, and hence a general knowledge of the principles governing the construction and operation of electric light installations has been obtainable only by a practical observation of the features of each system or by study of books so technical in character as to be beyond the comprehension of those not possessing an academical or collegiate education. Therefore, in the preparation of Dynamo Tenders Hand-Book, the author has striven to lay down, as the results of an extended experience, general rules for the care and operation of electric light installations and discarding entirely the use of technical phraseology and scientific terms and formulae, has endeavored to confine his use of words to those very plain, simple and elementary in character. To dynamo tenders, engineers, linemen and others who wish to familiarize themselves with the principles underlying the care and operation of electric light installations, this hand-book is offered with the hope that the author's intentions have been carried out...
