A collection of fact based stories written in a fictional manner. Why? To protect the innocent.children. My story begins as a young child, protected by those who loved me here and those un-seen powers we ignore as adults. Ty's story is different. He is taken, molested, drugged and transformed. The tales aren't always pretty, they hurt to tell and they don't always end well. Yet we still tell them because we see that beauty exists in light and darkness. We tell them because Others hearing helps healing and liberates ourselves. In silence we forget the sound of our own voice. We Don't always remember when we are consumed by Darkness. We forget we only have to look up to see the Light of the stars.
